

Faculty Mentor Positions

Faculty mentor positions in the UMBC residential community are available. These positions are open to full-time UMBC faculty who are interested in interacting with students in the residential community. These are paid positions (\$3,000 per year) and provide an excellent opportunity to get to know and interact with students outside of the classroom.

Contact David Clurman at clurman@umbc.edu or x53766 if you are interested in learning more about this opportunity.
