5. FACULTY ENGAGED EXCLUSIVELY OR PRIMARILY IN LIBRARY SERVICES

The only librarian ranks with non-tenure faculty status are Librarian I, Librarian II, Librarian III, and Librarian IV and such other ranks as the Board of Regents may approve. These titles are to be granted to a limited number of appointees who fulfill roles defined by professional graduate training, such as librarian, curator, archivist, and information scientist. In the overwhelming number of instances, the professional graduate training required is an M.L.S. degree, which is considered the terminal degree in the practice of academic librarianship, from an American Library Association (ALA)-accredited program. However, each constituent institution may define instances when other graduate degrees may substitute for or augment the ALA-accredited M.L.S. Such exceptions will be based on and required by the functional needs of individual positions. In recognition of the operational needs of USM libraries, appointments to these ranks are normally for twelve months with leave and other benefits provided to twelve-month tenured/tenure-track faculty members, with the exception of terminal leave, sabbatical leave, and non-creditable sick leave (collegially supported).

- a. Librarian I: This rank is assigned to librarians just entering librarianship with little or no professional library experience but who have been judged to have demonstrated an understanding of the basic tenets of librarianship and a potential for professional growth. A Librarian I is not eligible for permanent status.
- b. Librarian II: Appointment or promotion to this rank signifies that the librarian has demonstrated effective professional knowledge and skills significantly above those expected of a Librarian I. Normally, a minimum of three years of professional experience is required.

- c. Librarian III: Appointment or promotion to this rank signifies that the librarian has mastered the skills, knowledge, and techniques of librarianship and has made meaningful contributions to the library, the institution, the library profession, and/or an academic discipline. Normally, a minimum of six years of professional experience is required, three of which must be at a level comparable to the rank of Librarian II at the appointing USM institution.
- d. Librarian IV: Appointment or promotion to this rank is exceptional. This rank is awarded to those librarians who have made distinctive contributions to the library, the institution, the library profession, and/or an academic discipline. This rank normally requires a minimum of nine years of professional experience, at least three of which must be at a level comparable to the rank of Librarian III at the appointing USM institution.

Subject to the approval of the President or designee, the campus libraries of USM constituent institutions shall develop guidelines, procedures, and appropriate criteria for evaluating librarians' performance. These guidelines, procedures, and criteria should be monitored system-wide to ensure equity with respect to standards.

Each institution shall establish guidelines and procedures for awarding these titles.

Additionally, the appointee shall have demonstrated superior teaching ability appropriate to assigned responsibilities. As a minimum, the appointee shall hold the terminal professional degree in the field or equivalent stature by virtue of experience. Appointees will hold the rank of Professor but, while having that stature, will not have rights that are limited to tenured faculty. Initial appointment is for periods up to five years, and reappointment is possible. This title does not carry tenure, nor does time served as a Professor of the Practice count toward achieving tenure in another title. Each institution shall establish guidelines and procedures for awarding this title.

1. **[Institution] Professor:** This title may be used for nationally distinguished scholars, creative or performing artists, or researchers who would qualify for appointment at a University System of Maryland Institution at the level of Professor, but who normally hold full-time positions outside the University. Holders of this title may provide graduate students supervision, serve as principal investigators, and participate in departmental and college shared governance. Initial appointment is for three years and is renewable annually upon recommendation to the Provost by the unit head and the dean. This is a non-paid non-tenure track title.
